Teachers' Introductions

Agrupamento de Escolas de Valbom

Hello! I'm Paula. I'm from Portugal. I've been teaching for the last 26 years. I have taught as a primary teacher for 20 years and have been teaching as an English teacher for the last 6 years.

I am very happy to be in this project.

I love meeting other people from different countries, get to know different ways of teaching and work collaboratively.

I also enjoy promoting my students opportunities to engage with students from other countries, cultures, to enrich their knowledge, citizenship as well as digital skills.

I love motorsports, namely F1 and Moto Gp. My favourite Moto GP driver is Miguel Oliveira, obviously!

KURUCAŞİLE SECONDARY SCHOOL

Hello everybody!! I'm Songül from Kurucaşile in Bartın, Turkey. I have been an English teacher for seventeen years. Ever since I started teaching at the secondary school level, I have given importance three things in my carrier; maximizing individual student performance, inspiring students' interest in technology and exciting students about the world of learning. In my spare time I watch movies and I like reading novels. I like being into different cultural projects. We will do great things together. I am so happy to be into this project

Fatih Secondary School, Bandırma/Balıkesir, Turkiye

4th Primary School of Nea Moudania, Greece

Hi everyone! My name is Maria. I have been teaching English in primary schools for 17 years. I love working with kids. I do my best to make my classes fun and engaging in order to raise pupils' motivation and help them reach their potential. In my free time I enjoy travelling, reading books and listening to music. I believe that eTwinning projects are a unique experience for pupils and teachers. I consider myself lucky to be part of this wonderful team!

Hi, I am Melek Bayrak, the founder of our amazing project ❤️ I have been teaching English for seventeen years. Being a teacher is so important for me that it can be my life style. That's why I am fond of creating projects and by this way, my students have chances to be part of a wonderful world. 🌈

Trying different things, making new friends, travelling different countries/cities and learning new cultures are my hobbies.

I am so lucky that I have a marvelous team like you.

Monica Nechita, Scoala Gimnaziala Tifesti, Romania

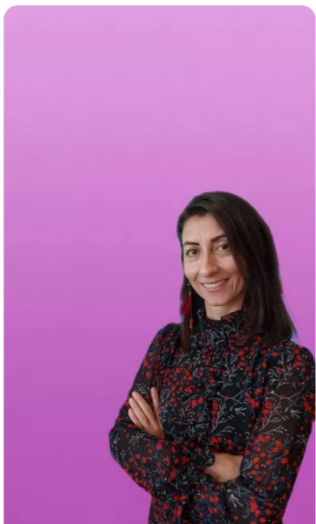

Hello, dear eTwinning partners! My name is Monica, I'm an English foreign language teacher, I live and work in a small village in a beautiful rural area of Romania. I love teaching, I love my students and I do my best in order to provide for them new and relevant learning experiences. This is the reason why I enjoy working with them in projects like this. It is an amazing opportunity to meet new people, to travel the world, to make connections and to become better people. So, let's begin a new adventure together, let's learn and have fun and let's make great memories! All the best and good luck to this dream team!

San Lorenzo School, Murcia, Spain

Hello everyone! My name's Gloria, I'm from Murcia, on the south-east coast of Spain. I've been an English teacher for 20 years. I love travelling, reading, music, art, films, etc. In my school we teach the value of cooperation in a way of developing and improving learning. My pupils are very excited with the project. I think that together we'll learn a lot and they'll remember this activity in the future.

Senem Cüre, Bartın

Hi, everyone! I am Senem from Bartın, Turkey. I am an English teacher at a secondary school. I have been teaching English for 19 years. I love my job and my students. LEPL Kharagauli Municipality, Village Vardzia Public School

Hello! I am Marina! I am a leader teacher at Vardzia Public school. I teach English. I have been teaching for 13 years. I am involved in many international projects. I participated in the project „ Global Creative Woman Award" and won the silver medal in it. I never stop studying myself, because I think in 21st century technologies are improved and if we don't study using them, we will not give students enough education. For this I want to do this project and I think I will study a lot of new skills there. Thank you!

Milan

Hi everyone!
I'm Fortunata! I am an English teacher and I'm so excited to be a part of this wonderful team! I love my job and staying with my students. I can describe myself as friendly, enthusiastic, and respectful of my students' needs. I enjoy helping them learn new skills and guiding them to make a good future. I strongly believe that being creative and motivating are important keys to successful language learning. Moreover, I always do my best to ensure a positive learning environment as it gives my students more opportunities to learn. Then, passionate, committed, inspiring and warm are the words that better express my own idea of being a good teacher.

So let the project get started and...keep tuned!))

Nurettin Beyhan Elbir Secondary School

Hello, I'm Emel from Ankara. I have been teaching for sixteen years. I love spending time with my students, sharing our ideas and experiences. I believe that teaching is a mutual system. You teach something, but also you gain something from them. Travelling, being in nature, spending time with friends and trying new recipes are my hobbies. I really feel lucky as taking part in that project.

ŞPKY İLKER ÇELİKCAN SECONDARY SCHOOL

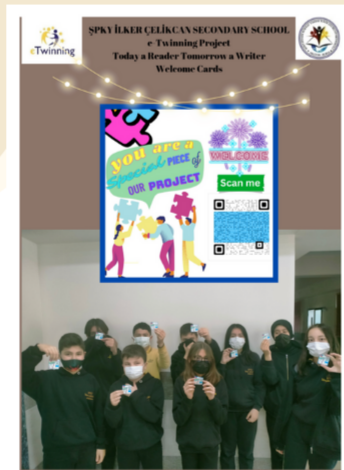

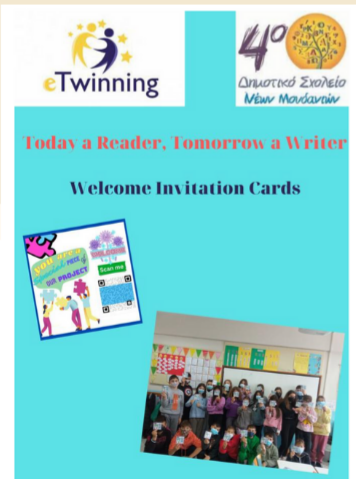

Hi everyone. I am Burcu. I am a language teacher. I like teaching, feeding street animals, watching movies and sports. I am keen on learning new things, improving my teaching or attitudes towards my students.

INTRODUCTIONS

Our project provides that our students will discover a world of possibilities, learn new cultures, meet new pupils from different countries, have senses of success in their works and relationships, as well.

Here's what to gain;

- 01 Self-Confidence
- 02 Literacy Skills
- 03 Comprehension Skills
- 04 Communication Skills
- 05 Creativity in writing

Our project's aim is to enlighten our pupils' imagination by using reading and writing skills. Reading is good for our pupils because it will improve their focus, memory, empathy, and communication skills. Moreover, it will reduce stress, improve their mental health. Writing is the means to explain their ideas to themselves and to others while preserving their personal experiences. Our tasks will include activities which are combinations of reading and writing skills.

OUR CODE OF CONDUCT

1

Honesty, trust and mutual respect

We pride ourselves on building long-lasting relationships with our partners in the project; relationships that are based on honesty, trust and mutual respect. Our mission is to cooperate each other respectfully. There is no 'us' or 'them'. We all work together to fulfil our collective missions.

2

Project membership as

All project members are equal; every member's opinion will be thoughtfully considered.

3

Project member communication:

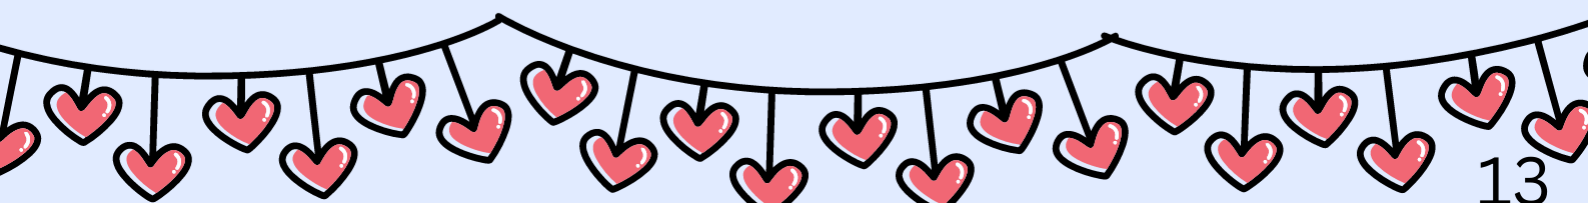

Project members will speak respectfully to each other; will not talk down to each other; will positively recognize and thank each other for project contributions.

4

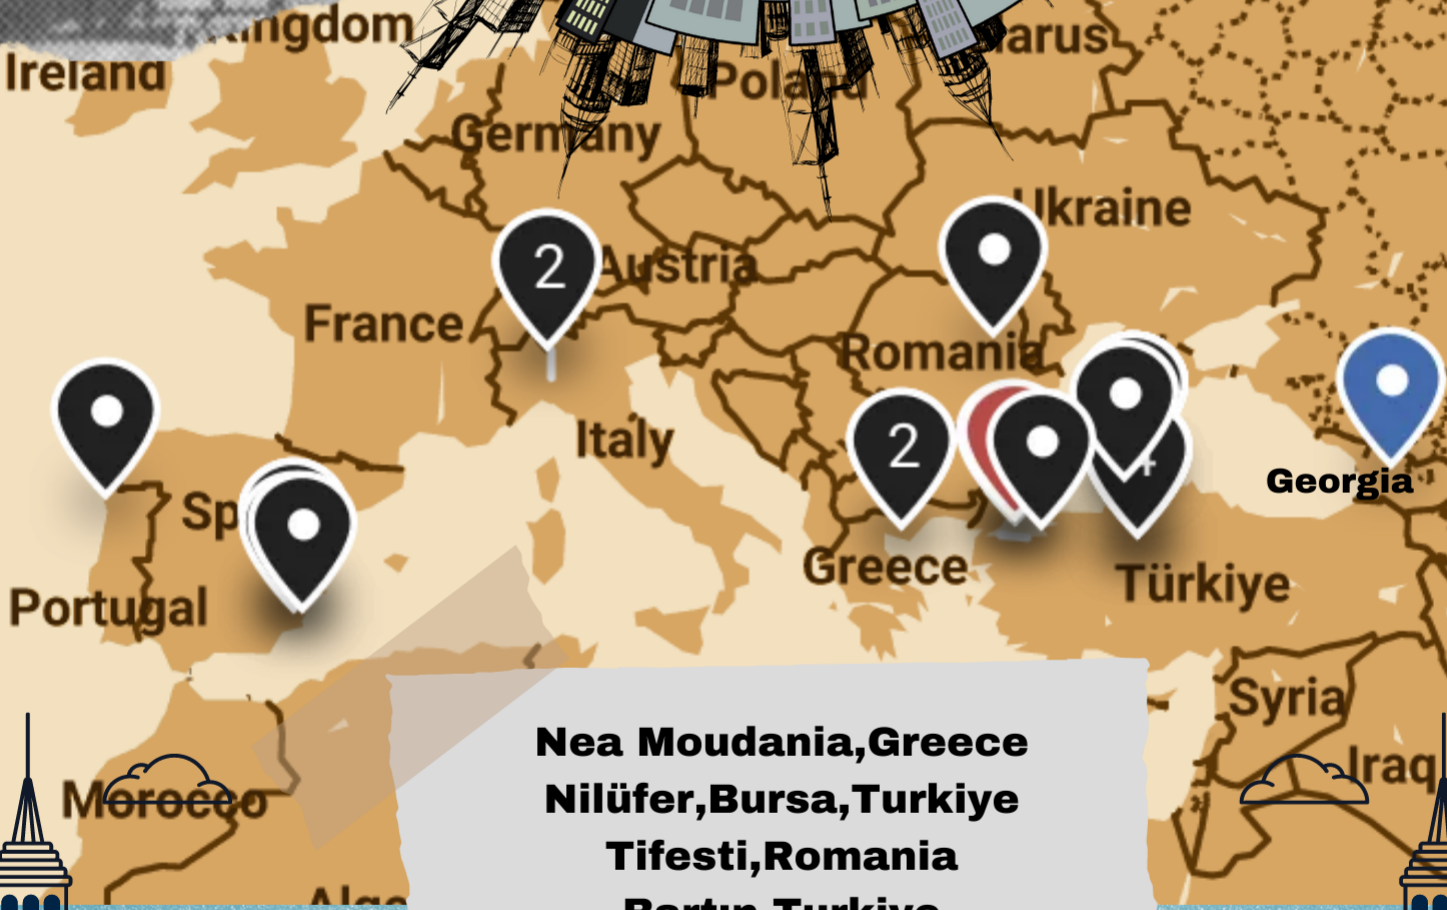

Make differences into strengths.

We can find strength in diversity. Different people have different perspectives on issues, and that can be valuable for solving problems or generating new ideas. Being unable to understand why someone holds a viewpoint doesn't mean that they're wrong. Don't forget that we all make mistakes, and blaming each other doesn't get us anywhere.

Instead, focus on resolving issues and learning from mistakes.
